## Summary

Currently I'm delighted of being part of a course to adquire new lifetime tools, upgrade my skills and change my career.

Daily learning and using in personal projects tools and languages like HTML 5, CSS 3, JavaScript 6, PHP 8, SQL 8, Bootstrap 5.3 and much more to come.

A hard working individual with more than 10 years of experience in customer care and customer support which give me impressive communicative and interpersonal capacities developed across my work as a shop assistant and Taxi driver.

Great attention to detail and quick learning of new tasks as proven as a Kitchen assistant and in my daily work at Accenture as a Content moderator.

Skills for multitasking, teamwork and working in very demanding conditions as proven through my chores as a Kitchen assistant, Content moderation and Shop assistant.

Always looking to grow personally and professionally, and for new challenges and goals as proven all my lifetime going to different countries, like Portugal or England, searching to enrich and strengthen my experience and my background as a worker.
